GOBLIN RETREAT

After attacking with Goblin Slashers, you may move 3 engaged Goblin Slashers you control up to 3 spaces each. A Goblin Slasher never takes leaving engagement attacks when moving with Goblin Retreat and can only move if it ends its retreating move not adjacent to any enemy figures.

YOU GOT THIS, BOSS!

After taking a turn with the Goblin Slashers, if no Goblin Slashers you control are engaged, you may take a turn with a Goblin Hero you control.

SCALE

When moving up or down levels of terrain, Goblin Slashers may add 2 to their height.
