(POISON)

**TEMPORARY
TREASURE GLYPH**

This figure may use this whetstone before rolling attack dice for a normal attack against an adjacent figure. If that attack inflicts at least 1 wound, you may add 2 additional wound markers to the defending figure's Army Card.

Keep this card handy as a reference for the Whetstone of Venom treasure glyph.

Rules for Treasure Glyphs can be found in the Heroscape D&D Master Set: Battle for the Underdark. Or go to www.heroscape.com.

The logo is set against a large red hexagonal background with a darker, textured pattern of smaller hexagons. The word "heroScape" is written in a stylized font, with "hero" in blue and "Scape" in a larger, bold blue font. The letters are outlined in gold and set within a gold-bordered oval that has a fiery orange and yellow background. Two gold, sword-like shapes cross behind the oval.
