EARTH SLAM SPECIAL ATTACK

Range 1. Attack 3.

Any non-flying figure adjacent to this Earth Elemental is affected by Earth Slam Special Attack. Roll attack dice once for all affected figures. Each figure rolls defense separately.

UNDERGROUND MOVEMENT

Instead of moving normally with an Earth Elemental, you may immediately place it on any empty non-water space that is within 4 spaces of that Earth Elemental and is no higher than 1 level above that Earth Elemental's height or 3 levels below that Earth Elemental's base. If an Earth Elemental is engaged when it starts its Underground Movement, it will take any leaving engagement attacks.
